

REMARKS

The Applicants wish to thank the Examiner for the telephonic interview conducted on June 25, 2009 with the Applicants' undersigned attorney, Andrea Lockenour. During the interview, the Examiner clarified the proposed amendments to claims 1 and 2 submitted previously and presented in the Interview Summary issued by the Examiner on June 23, 2009. Due to a clerical error, the appropriate formatting to the amendments did not appear in the Examiner's summary (i.e., underlined and crossed-out text). The Examiner requested that the amendments be resubmitted in a second supplemental amendment. The Examiner also requested that the Applicants remove the cross-out designation of the period mark of both claims 1 and 2. Thus, the Applicants submit herein, a second supplemental amendment correcting the period mark in both claims.

The Applicants reserve the right to prosecute, in one or more patent applications, the claims to non-elected inventions, the cancelled claims, the claims as originally filed, and any other claims supported by the specification. Once again, the Applicants thank the Examiner for the interview and believe the claims are now in condition for allowance. Accordingly, favorable reconsideration and allowance of the pending claims is earnestly solicited. If it would expedite the prosecution of this application, the Examiner is invited to confer with the Applicants' undersigned attorney.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Andrea V. Lockenour', is written over the typed name.
